Murals Inc.

**The M-Collection** is een grootschalige groepstentoonstelling in de presentatieruimte van Murals Inc., een bureau voor hedendaagse muurschilderingen. De tentoonstelling toont studiewerken van meer dan 85 muralists uit binnen- en buitenland, allen onderdeel van het Murals Inc. roster, en laat een breed spectrum aan stijlen, achtergronden en benaderingen van mural painting zien.

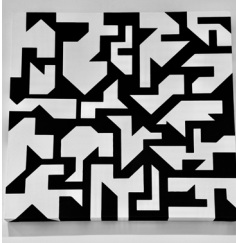

Een bijzonder onderdeel van de tentoonstelling is de presentatie van drie grootschalige, site-responsive muurschilderingen, elk gerealiseerd door een andere kunstenaar met een eigen conceptuele en stilistische benadering. Deze murals fungeren als structurele ankerpunten: autonoom in karakter, maar in dynamische dialoog met de omliggende studiewerken.

Al acht jaar ontwikkelt en realiseert Murals Inc. uiteenlopende muurschildertentoonstellingen, -opdrachten en -projecten. In die periode is het kunstenaarsbestand uitgegroeid tot een internationaal netwerk van 120 getalenteerde muralisten. Terwijl Murals Inc. zich steeds sterker richt op opdrachten en grootschalige projecten, biedt deze tentoonstelling een blik op het studiewerk dat voortkomt uit—en direct verbonden is met—de muralpraktijk van de kunstenaars.

**The M-Collection** laat de veelzijdigheid van het medium mural art zien en onderstreept de expertise en creatieve kracht binnen ons netwerk. Voor bezoekers met interesse in muurschilderingen biedt de tentoonstelling een staalkaart van hedendaagse benaderingen en stijlen. Voor potentiële opdrachtgevers vormt zij een heldere kennismaking met de kwaliteit, diversiteit en artistieke visie van de kunstenaars met wie Murals Inc. samenwerkt.

Met deze zorgvuldig samengestelde selectie biedt **The M-Collection** een breed en actueel overzicht van hedendaagse mural art, afkomstig uit een internationaal veld van kunstenaars die actief zijn in publieke, semipublieke en private ruimtes. De tentoonstelling nodigt kunstverzamelaars, publiek, opdrachtgevers en pers uit om de vitaliteit en rijkdom van de hedendaagse muralpraktijk van dichtbij te ervaren.

**The M-Collection** is a large-scale group exhibition held in the presentation space of Murals Inc., a platform for contemporary mural painting. The exhibition features studio works by more than 85 muralists from the Netherlands and beyond, all part of the Murals Inc. roster, showcasing a wide spectrum of styles, backgrounds, and approaches to mural painting.

A special highlight of the exhibition is the presentation of three large-scale, site-responsive murals, each created by a different artist with a distinct conceptual and stylistic approach. These murals function as structural anchors: autonomous in character, yet in dynamic dialogue with the surrounding studio works.

For eight years, Murals Inc. has been developing and realizing a wide range of mural exhibitions, commissions, and projects. During this time, the artist roster has grown into an international network of 120 talented muralists. As Murals Inc. increasingly focuses on commissions and large-scale projects, this exhibition offers insight into the studio practices that emerge from—and remain closely connected to—the artists' mural work.

**The M-Collection** demonstrates the versatility of the mural medium and highlights the expertise and creative strength within our network. For visitors interested in mural art, the exhibition offers a cross-section of contemporary approaches and styles. For potential clients, it provides a clear introduction to the quality, diversity, and artistic vision of the artists with whom Murals Inc. collaborates.

With this carefully curated selection, **The M-Collection** presents a broad and current overview of contemporary mural art, created by an international field of artists active in public, semi-public, and private spaces. The exhibition invites art collectors, audiences, commissioners, and the press to experience the vitality and richness of contemporary mural practice up close.
